Rubén NÚÑEZ COTANO

FULL-STACK DEVELOPER

PROFESSIONAL OBJECTIVE

I am looking for opportunities in a company that values teamwork and offers challenging projects. My goal is to develop my skills in an environment that encourages professional growth, whether it is by stepping out of my comfort zone or working on ambitious projects.

EXPERIENCE

FULL-STACK DEVELOPER

GAE Informática (Badajoz)

Julio 2023 - Nowadays

Development of Android and iOS applications with Flutter and Android SDK from scratch, including architecture design, backend and frontend. Web development using Laravel. Active participation in ambitious projects.

FEATURED PROJECTS

- Development of various web and mobile applications at GAE Informática.
- Creation of the package for Flutter "sqlite_simple_dao_backend," a generalized DAO using reflection.
- Currently working on a code generation package using the Bloc architecture in Flutter to simplify the DAO implementation and facilitate the creation of the Bloc architecture.

TRAINING

HIGHER DEGREE IN MULTIPLATFORM APPLICATION DEVELOPMENT

IES Castelar (Badajoz)

2021 - 2023
